## FROM THE DIRECTOR...

Happy Easter! I hope everyone has a wonderful holiday. It is getting to be that time of the year when we can look forward to getting back outside and enjoying the sunshine. I am sitting here now watching it snow as I write this and the sunshine sounds super.

With the sunshine, comes our outdoor sports of golf, tee-ball, softball and coach pitch. It is that time of year to think about summer camp and this year should be a blast as we are visiting the Jungle and experiencing all the thrills of wild animals and exotic plants. If it is raining we can bowl, and play kickball. CBC camp will also be going on this summer during the week of July 21<sup>st</sup> and the invitations will be coming out soon for the week of enjoying the arts. Karate information will be firmed up soon and you will receive a mailing with the sign up and particulars soon.

April 17<sup>th</sup> is the date set for this year's sports banquet. I hope you can come out and join us as we recognize the accomplishments of our athletes and the generosity of our volunteers and supporters. It is a great evening and the athletes seem to cherish their new medals.

We are following a lead on land and hopefully it will work out for us. TASK may have a permanent place to call home in the near future which would be fantastic. Please keep TASK in your thoughts and prayers as we hope to take this next step soon. Thank you so much for all of the support you give to our athletes and programs. I appreciate it greatly. Hopefully, TASK will be here for years and years to come for all of our kids to have a place to play, feel safe and hang out with their friends. Take care and enjoy the sunshine.

## UPCOMING EVENTS

### Golf

The golf program focuses on the golf skills of grip, swing patterns, driving and putting. The program consists of 45-minute sessions. Throughout the six weeks, athletes alternate between using the driving range, practice putting greens and a miniature golf course. A station approach is used to focus on the skills listed above. The sixth week is spent at a golf course where the athletes have the opportunity to transfer the skills learned to actual course play. Golf clubs and other equipment are provided for athlete use; however, athletes can bring their own. You will receive a shirt that your child should wear each week. At the completion of the season, athletes will receive a trophy recognizing their effort in the season. See previous page for sessions, ages, times, location and dates.

### Bowling

For the TASK bowling season, athletes are divided into teams according to age and ability levels and each receives a team shirt. Modifications for athletes are made on an individual basis for each athlete to succeed and learn about the game. Bowling ramps and gutter guards are available for those who need them. All are invited to participate no matter what their experience or ability level. At the end of the bowling season, each athlete is presented a trophy recognizing his or her effort, hard work and success. See previous page for sessions, ages, times, location and dates.

### Fitness Club

TASK hopes to encourage fitness and good health through its fitness club. Athletes will use various exercise equipment such as treadmills, stationary bikes, stair steppers, etc., to increase their aerobic fitness. Each session will be 45 minutes. Athletes will be taught various exercises they can continue to do once they leave the club. All ages are welcome. The fitness club will meet every Thursday each month starting in September and ending in May. See previous page for sessions, ages, times, location and dates.

### Softball Programs

TASK Tee Ball is for the beginning ballplayer. Athletes work on the basic skills of throwing, catching, fielding, hitting and base running. All ball players participate in game situations and hit a ball off of a tee. TASK Coach Pitch is designed for the intermediate ballplayer. Athletes continue to work on the basic skills, but instead of hitting a ball off of a tee, they hit a ball pitched by a coach. TASK Modified Softball is designed for the more advanced ballplayer. Again, athletes continue to work on the skills of the sport. We introduce pitching skills at this level and the athletes do the pitching in our games. We follow standard softball rules, playing three outs. However, batters are allowed five strikes instead of three. At the completion of the season, athletes will receive a trophy recognizing their effort in the season. See previous page for sessions, ages, times, location and dates.

### Summer Camp/Swimming Lessons

The Team Activities for Special Kids summer camp program is a one-week day camp offered to kids with special physical and mental concerns. The focus of the camp is on functional and recreational skills. This year we are adding swimming lessons to the camp day. Lessons will focus on various swimming skills, including kicks, strokes, underwater swimming and treading water - depending on the level of each camper. After the 30-minute swim lesson, campers will have "free swim" for the rest of the swimming time. Throughout the week campers participate in a variety of activities including craft projects, cooking, swimming, soccer, hockey, volleyball, basketball, water fun and more. **In order to attend TASK Camp, camper must have participated in a previous TASK activity. Familiarity with your child will help us to meet his or her specific needs at camp.** See previous page for session, ages, times, location and dates. **All fees are non-refundable.**

## PREMIUM SPORTS (TASK Silver and Gold Members ONLY)

### Karate

TASK Karate is taught by a certified karate instructor. The program focuses on basic self-defense, eye, hand and foot coordination, balance, agility and basic body awareness. Karate will run for six weeks and is open to all silver and gold members. See previous page for sessions, ages, times, location and dates.

### Kickball

TASK Kickball runs like many other TASK team sports. Athletes are divided into teams based on age and ability. This program focuses on understanding of the basic rules, kicking a moving ball, throwing, catching, game play and team work. Kickball runs for six weeks and is played indoors. See previous page for sessions, ages, times, location and dates.
